TARIFF FORMAT

- A. Page Numbering - page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between page 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the S.C.P.S.C. For example, the 4th Revised Page 14 cancels the 3rd Revised Page 14. Consult the check page for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1
 - 2.1.1
 - 2.1.1(A)
 - 2.1.1(A).1
 - 2.1.1(A).1.(a).
 - 2.1.1(A).1.(a).I
 - 2.1.1(A).1.(a).I.
 - 2.1.1(A).1.(a).I.(1).
- D. Check Pages - When a Tariff filing is made with the Commission, an updated check page accompanies the Tariff filing. The check page lists the pages contained in the Tariff with a cross-reference to the current revision number. When new pages are added, the check page is changed to reflect the revision.

1.3.2 Timing of Calls

The Subscriber's long distance usage charge is based on the actual usage of Carrier's network. Usage begins when the called party picks up the receiver. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in the NA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.4 Undertaking of the Company

- 1.4.1 The Carrier neither owns nor operates any long distance facility within the State of South Carolina but rather resells services provided by other long distance carriers. When authorized by the subscriber, the Company may act as the subscriber's agent for ordering access by the local exchange company instead of other carriers or entities to allow connection of a subscriber's location to the networks of long distance carriers who carry the Company's long distance traffic. The subscriber shall be responsible for all charges due for such service arrangement. The subscriber shall be billed by the Company, and shall be considered a subscriber of the Company and not of any other long distance carrier.
- 1.4.2 Request for service under this Tariff shall authorize the Carrier to conduct a credit search on the subscriber. The Company reserves the right to refuse service on the basis of credit history, and to refuse further service due to the late payment or non-payment by the subscriber as provided by and consistent with South Carolina Regulation 103-625.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.5 Limitations

- 1.5.1 Service is offered subject to the availability of carrier facilities and the provisions of this Tariff.
- 1.5.2 The Carrier reserves the right to discontinue or limit the use of service necessitated by conditions beyond its control, or when the subscriber is using the service in violation of the law or the provisions of this Tariff or Regulations provided by the SCPSC.
- 1.5.3 No service provided under this Tariff may be transferred or assigned by the subscriber, except with the express written consent of the Company. Such transfer or assignment shall apply only where there is no interruption of the use of service. Transferees or assigns shall be subject to the terms and conditions of this Tariff.
- 1.5.4 The Company neither owns nor operates any long distance facilities but rather resells services provided by other long distance carriers. Service is offered subject to the availability of the Underlying Carriers' facilities and the provisions of this Tariff.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.6 Liabilities of the Company

- 1.6.1 The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in the transmission occurring in the course of furnishing service, channels or other facilities and not caused by the negligence of the subscriber, commences on agreement to provide service and in no event exceeds an amount equivalent to the charge(s) the Carrier would assess to the subscriber for the period of service during which such mistakes, omissions, interruptions, delays or errors or defects in transmission occur. Such liability does not include avoidable damage to the subscribers' premises. For the purpose of computing such amount, a month is considered to have 30 days.
- 1.6.2 When the facilities of other carriers are used in establishing connections to points not reached by the Carrier's facilities, the Carrier is not liable for any act or omission of the other carrier or carriers. The subscriber will indemnify and save harmless the Company from any third party claims for such damages referred to in Section 1.6.1 above.
- 1.6.3 The Carrier will make no refund on overpayments by a subscriber unless the claim for such overpayment together with proper evidence is submitted within two (2) years from the date of alleged overpayment. In calculating refunds, volume discounts will be adjusted based on total usage after all credits or adjustments have been applied.
- 1.6.4 The Carrier shall be indemnified and held harmless by the subscriber against claims for libel, slander, or infringement of copyright arising out of the material, data, information or other content transmitted through the Carrier's services, and against all other claims arising out of any act or omission of the subscriber in connection with any service provided by the Carrier.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.6 Liabilities of the Company, (Cont'd.)

- 1.6.5 As a telephone utility under the regulation of the Public Service Commission of South Carolina, the Carrier asserts and affirms that a reseller of intrastate telecommunications services, it will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and it will comply with those marketing procedures, if any, set forth by the Public Utilities Commission. Additionally, it will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. Carrier understands that violation of this provision could result in a rule to show cause as to the withdrawal of its certification to complete intrastate telecommunications traffic within the state of South Carolina.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.7 Temporary Suspension for Repairs

1.7.1 The Carrier shall have the right to make necessary repairs or changes in its facilities at any time and will have the right to suspend service temporarily for the purpose of making the necessary repairs or changes in its system. When such suspension of service for any appreciable period is necessary the Carrier will give the subscribers who may be affected as reasonable notice thereof as circumstances will permit, and will prosecute the work with reasonable diligence, and if practicable at times that will cause the least inconvenience. Records of all suspension of service due to testing and/or repairs should be kept by the Company. These records will include date, time, duration and reasons for suspension and/or testing.

1.7.2 When the Carrier is repairing or changing its facilities, it shall take appropriate precautions to avoid unnecessary interruptions of conversations or subscriber's service.

1.8 Establishment and Reestablishment of Credit

1.8.1 The Carrier reserves the right to examine the credit record and check the references of all applicants or subscribers prior to accepting an order for new or expanded service. An unsatisfactory credit history may result in denial of service.

1.9 Restoration of Service

1.9.1 The use and restoration of service shall be in accordance with the priority systems of the long distance carriers providing service to the Company.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.10 Deposits

1.13 Notices

1.13.1 Unless otherwise provided by these Rules, any notice from the Carrier to a subscriber supplied with communications service may be given orally, unless otherwise required by SCPSC rules, to the subscriber, or the subscribers authorized representative, or by written notice, either delivered at the address hereinafter described in this rule or properly deposited in any United State Post Office in the territory served by Carrier, postage prepaid, addressed to the subscriber at the subscriber's place of address specified in the subscriber's application for service, or at such address as may subsequently be given by the subscriber to Carrier at its local Business Office.

1.13.2 Any notice from any subscriber to Carrier may be given orally, to Carrier by the subscriber, or any authorized representative, at Carrier's local Business Office where service is rendered to the subscriber, or by written notice properly addressed and mailed to Carrier.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.14 Usage Charges

- 1.14.1 Charges will be billed monthly in arrears, with the exception of the billing of fixed charges which are billed in the month in which they occur. Subscriber will be billed for all usage accrued beginning immediately on access to the service. For the purpose of computing charges, a month is considered to consist of 30 days. Upon the request of the subscriber, invoices for low-billing accounts will be issued bi-monthly.

1.15 Billing Date

- 1.15.1 The billing date is dependent on the billing cycle assigned to the subscriber. The Company may bill customers on other than a monthly basis (e.g., every other month, every third month) unless a customer requests monthly billing. In no case will the Company issue bills less frequently than every three months. Customers may contact the Company to determine the billing cycle applied to their account.

1.16 Bill Payment

- 1.16.1 Bills will be received by US Mail or, upon customer request, via the Internet. Bills may be paid by mail, by telephone using a credit card, or by debit origination prearranged by the customer. All charges for services are payable only in United States currency. Payment by mail may be made by check, money order, or cashier's check.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.17 Return Check Fee

- 1.17.1 A charge equal to or less than allowed for in South Carolina Code Annotated 34-11-70 will apply whenever a check or draft presented for payment of service is not accepted by the institution on which it is written.

1.18 Late Charges

- 1.18.1 Bills are due and payable within twenty days of the billing date. Bills not paid by the date specified on the invoice are considered past due. A maximum of one and one half percent (1.5%) may be added to any unpaid balance brought forward from the previous billing date to cover the cost of collection and carrying accounts in arrears. This method of late payment charge will be made in lieu of any other penalty. Customer's service may be terminated if service is not paid for by the 30th day past the billing due date.

SECTION 1 – GENERAL REGULATIONS, (CONT'D.)

1.19 Cancellation for Cause

1.19.1 The Carrier, by written notice to the subscriber or applicant, may immediately cancel the application for or discontinue service without incurring any liability for any of the following reasons:

- a) Non-payment of any sum due to the Carrier for service for more than 30 days beyond the date of rendition of the bill for such services,
- b) A violation of any of the provisions of this tariff,
- c) A violation of any law, rule, regulation or policy of any governing authority having jurisdiction over Carrier's services,
- d) The Carrier is prohibited from furnishing service by order of a court or other government authority having jurisdiction,
- e) Upon request of the subscriber,
- f) Abandonment of premises served, which includes but is not limited to, three consecutive billing periods in which no direct dial, 800, or calling card calls are billed on the line to be disconnected,
- g) Use of the service to injuriously affect the efficiency of the Company's personnel, plant, property, or service, including use of profane or obscene language intended to harass, frighten, or abuse Company's personnel, or
- h) For fraudulent use of service. Upon evidence of fraudulent use of the service the Company may discontinue service without notice. However, if the subscriber makes immediate payment for the estimated amount of service as has been fraudulently taken, the Company shall restore service in a manner consistent with the rates, charges, terms and conditions of this tariff. If a second offense is detected, the Company may refuse to reestablish service, subject to appeal to the Commission. The burden of proof of such fraudulent use will be upon the Company in case of an appeal to the Commission. This rule shall not be interpreted as relieving the subscriber or any other person of civil or criminal responsibility.
